

# SURFACE BOXES

**MOD. 4466B**
**DN 50-400**
**MOD. 4467B**
**DN 3/4" - 2"**

Adjustable surface boxes for RACI gate valves or RACI service valves.

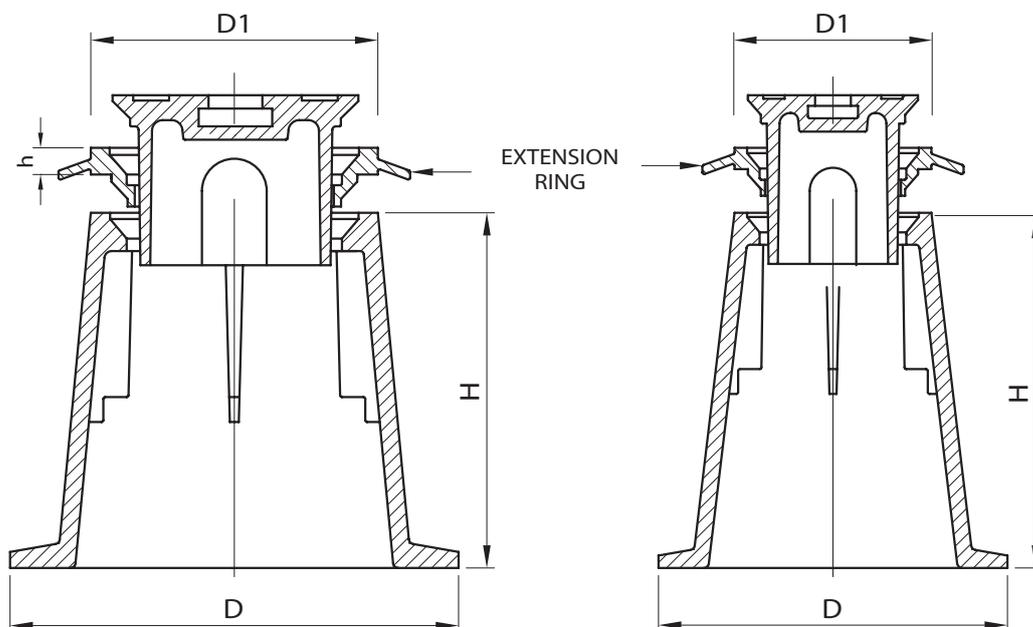

**MOD. 4494**
**DN 50-400**
**h =15/20/30mm**
**MOD. 4493**
**DN 3/4" - 2"**
**h =15/20/30mm**

Extension rings for adjustable surface boxes for RACI gate valves or RACI service valves.

## SPECIAL FEATURES

- Cover with cylindrical guide and machined conical seat on body to avoid sliding and noise under traffic stress.
- Adjustable to ground level by extensions rings.
- Non-slip exposed surfaces.
- Internal and external coating by waterborne anticorrosion primer, ecofriendly and extremely resistant to chemical aggressions.
- Wide range of writing on cover (customizable).
- Body, cover and rings in cast iron EN-GJL-250 / EN 1561, on demand ductile iron EN-GJL-400 / EN 1563.
